

# TOTALLY ENVIRONMENTAL WHITE PAPER

## Environmental Facts

per package of 500 sheets

Factor	Amount
Recycled fibre	100%
Trees cut	0
Solid waste saved	1 kg
Recycled manufacturing waste (non fibre)	25%
Chlorine bleaching	0%
Water saved	116 L
Renewable energy	100%
Air emissions saved	3 kg
Environmental certifications	2
Wrapper recyclability	100%

- Made in Quebec.
- Certified EcoLogo, the multi-attribute environmental labelling mark of Environment Canada.
- Reduces greenhouse gas emissions with the use of renewable biogas energy.
- Reuses deinking waste in the manufacturing process, which would otherwise have ended in a landfill.
- Made of a recycled pulp that reduces by 15% the manufacturing residues.
