

OUR COMMITMENT TO SUSTAINABLE DEVELOPMENT

PLANET FOCUS

WE ARE COMMITTED TO REDUCING OUR ENVIRONMENTAL FOOTPRINT BY MINIMIZING THE IMPACT OF OUR ACTIVITIES AND PRODUCTS ON THE PLANET.

MORE SPECIFICALLY, HERE IS OUR COMMITMENT TO THE CONSUMPTION AND USE OF **ENERGY** AND **WATER**, AND TO THE MANAGEMENT OF **GREENHOUSE GASES** AND **RESIDUAL MATERIALS**:

ACT Define the corporate procedure for the management of energy, water, greenhouse gases and residual materials;

Set corporate reduction targets for:

- 1) energy and water consumption,
- 2) greenhouse gas emissions, and
- 3) residual material landfill;

Make the necessary financial and human resources available in order to reach the targets set.

MONITOR Measure the achievement of targets;

Adjust project planning to ensure targets are met;

Ensure strategic monitoring of domestic policies and market trends concerning all the above issues.

TRAIN Collaborate with various stakeholders and leading actors renowned for their expertise in dealing with the above issues.

COMMUNICATE Communicate regularly, internally and externally, on the results and initiatives related to these issues;

Keep our business partners informed on the impact of our actions and share our best practices with them.

Signed at Kingsey Falls, February 2017

MARIO PLOURDE

President and Chief Executive Officer, Cascades Inc.
